"...That is why I suy that the 'memory of the blood' is slow to appear, very slow. It breaks its way through shadows of pain and penance. A lifetime is not long enough to listen to its messages, to read its wise book."

"Real education must ultimately be limited to men who insist on knowing. The rest is mere sheep herding."

- Ezra Pound

"The voice of the majority is no proof of justice."

- Friedrich Schiller

"The crimes they attribute to us are in reality committed by themselves. In no single country in the world does there exist such a great and disgusting intolerance of the mode of living of others as in the Anglo-Saxon countries. This intolerance is carried on hypocritically in the name of liberty, a liberty the real character of which I have already described."

- Dr. Otto Dietrich, Reich Press Chief

"Whoever sees in our Movement only a political party has understood nothing. It is much more: The Movement is the will to create (recreate) the Superman."

- Adolf Hitler

"Tell a wise person, or else keep silen, because the mass man will mock it right away I praise what is truly alive, what longs to be burned to death.

In the calm water of the love-nights, where you were begotten, where you have begotten a strange feeling comes over you, when you see the silent candle burning.

Now you are no longer caught in the obsession with darkness, and a desire for higher love-making sweeps you upward.

Distance does not make you falter. Now, arriving in magic, flying, and finally, insane for the light, you are the butterfly and you are gone.

And so long as you haven't experienced this: to die and so to grow, you are only a troubled guest on the dark earth."

- Johann Wolfgang von Goethe

#### King Ludwig II And The Sons Of God

It is the Nature of Living Things that determine history, it is the Nature of Living Things that determine the Truths, it is the Nature of Living Things that determine the Lies. It is the Contrast of Opposed Living Things. It is The Ehrean Torch Bearers Versus The Satanic Beings

Part of the requirement of being a good, little faithful follower of Zion in today's post-modern world is to become totally devoid of any kind of character or personality, to be told what to do, to be told how to do it, to be told what to think and to be told how to think it; this is vital if one wants to fit into the mass of conformity, if one wants to join the hoards of believers in nothing, if one wants to fit into the rows of suburbia, if one wants to join the willing Slaves of Zion and if one wishes to give up one's soul completely for programming and control.

Once they have all 'achieved' this (although, in the English speaking countries of the world, one doesn't have to actually 'achieve' this, as it all comes naturally, such is the mbedded Nature of this Zionist world of obedience in those parts, one will nto it naturally unless one is of an exceptional nature), anyway, once they have all achieved top- it is vital that they resent with all their very being those that will not contents, it is vital that they join together to ignore and isolate and distance thems, ves tran those who possess the intellectual capacity, the morality and the strum in a banaracter to reject the Evils of Zionism. In the World of Zion, the best of people inclusion is interesting and the treatment and the portrayal of King Ludwig B at Breach superfect example; the life of King Ludwig is a very good example of the tadamental truth that, if one lives today or has lived in the last few hundred years on one mast a her en baca the commonplace evils of murder, rape and pullage, that is the decrepit senility of Zion, or one must, more or less, live in sola, de will ist possessurg a rund of steel

Schloss Hohenschwangau

Schloss Hohenschwangau was built on the runs of a fortress which dated from the twelfth century and was originally built by the Knights of Schwangau it is where Ludwig spent his childhood. In 1865, King Ludwig met Richard Wagner here, Hohenschwangau can therefore be considered to be Holy Ground.

10 sof you who are familiar with the works of Percy Bysshe Shelley would the title of this chapter as being from a poem called 'Lowe's Philosophy doe right, those of you who are familiar with mane Zionist propagant is might notice that the title of this chapter is the same as the title of an episode, broadcast on 24" February 2008, of the British television series 'Lewis', and you also be right although Zion doesn't realise that its propagand is mane which is why they continue producing it.

Writings made up of the meaningless exposure of Zionist propaganda and writings made up of the mockery of such meaningless propaganda are, of course, neumigless, however, just for a laugh, and to prevent this chapter from running to millions and millions of pages. I will just mention crocodiles, banking and mathematics

Let us examine some of the script from the propaganda operation:

Yell Buckley (student) [as part of her fictutious Oxford tour guide speak]: "Now we're going to go down to the crocodile infested river

Quentin Jackson (American): "Suppose I say to you, "I don't believe a word of am

Philip Horton (student): "But there are photographs of the crocodile"

Buckley: "And I would say to you. Su — Do you believe that all men and women are created equally with certa / unaltenable rights such as life liberty and the pursuit of happiness.

Jackson "I uphold those to be self-evident truths

Buckley: "It's easter to believe in a crocodile swimming in the Cherwell '

## [laughter from Horton]

You see, what Zion is doing here is trying to flaunt the fact, right in the viewer's face, that they believe themselves to be far superior to the cattle GOYIM who are all watching this propaginda exercise (8.9 million according to the Zionist 'Wikipedia' website) without realising, for one moment, that the masses don't give a damn, the masses are, indeed, part of them, the masses would glue themselves to their television sets whether they knew such productions were Zionist propaganda or otherwise. You see, even (or, of course!) the Constitution of the United States of America dare not talk of the fundamental truth of the differences between Ehrean Michele Buck, Damien Timpter, Ted Childs, Chris Burt, Dan Reed, Alan Plater and

## Pilgrimage 2013

The following discourse pertains to my visit to the Holy Land in 2013. As is often the case when travelling in this 'modern' world, one must use an airport but airports have now become nothing more than Zionist methods of "power" and control. The use of the term 'power' must be explained here; there are two kinds of power, that kind which is gained through will and fight and truth and the application of justice and of the intellect, all the qualities of such which were and still are embodied in Adolf Hitler and The Third Reich and then there is that kind of 'power which is stated through subversion and cowardice and sheer weight of numbers and through the fact that nobody else gives a damn about how this power is obtained or the way m which this power is wielded Essentially speaking, the world "power" of Zion is gained due to the fact that people don't mind being subjected to any kind of orders and demands whether it be designed to harm their health, their general wellbeing or just for annivement purposes and nowhere is this process so obvious than at urports but in actual fact, the joke's on Zion because Zion doesn't realise the extent to which the vast majority of people have come to enjoy these experiences due to the deep rooted is settien of the Stockholm Syndrome into the mindsets which they developed a very long time ago. The pathetic forms of control of Zion which have been gradually introduced after a series of actual false flag attacks and attempted t dise thag attacks and invented false flag attacks, can be demonstrated by the story of a lady and I believe her doughter, who were not allowed to board the plane when we true the on Frido whit I could gather, the lady's daughter had lost her adentity and or brancing pass or something similar between going through security if d boarding the plane at the gate and was told by one of the Ziobots, in an off-hand more that her frighter could not board the plane. Her daughter had a copy of her provide prevent of the meet the was not good enough for Zion. It was clear that the advises upor but the only empathy that Ziobot airport officials have is with Satan is sylow sets the advandmer daughter did not board the plane. This is also a prive every prior on eth. e, which high ights the difference between 'legal' and lastal error concersed a dentity cards' and 'passports' being nothing more then well term measured 'es il' documents which have no standing in law who to cover only on whenever this is challenged by somebody. Zion just resorts to inclusion transformers of the set of an unposition by unlawful enforcement - look. Gov a are more report a compater digit, mere cattle. It would probably spoil is they thent I don't they remised that most people actually don't mind, hay or we these experiences to enselves. There are a group of people in England who maxes a terral ment class as 'Freemen' and who (naively) believe that they can disperse will the need to produce any document at an airport and in other such struly situations in order to move from one Zionist corporation to another, by using Z on , we read system against them. This would, in theory, be easy to do, because Zone is stepned. Also of course these Zionist impositions are lawfully it verild but mese. (Freemen, are an able to comprehend the true sadistic methods used by Ztop r o der to maintain its 'power' which have nothing to do with the law, 1

tom quickly draw your attention to the term in the above paragraph, 'Zion Free we are system' which would be, essentially, a new monetary system (although the we are new does not really do it justice, as there is only one kind of true a car system, new or otherwise, and that is the one based on a fair exchange a cart two parties and a true weight or a true measure is a fair exchange) based on in table concept of money being a WEIGHT. Zion has totally corrupted this the with its worthless and fraudulent paper fiat lie; it wants all the WEIGHT for userf and for you to end up with NOTHING. The WEIGHT would MEASURED by its PURITY. This system would be FREE from the Zionist Fiat Treated and all its associated false concepts as you would be receiving souring for your work or energy expended which would hold its value forever and you could keep it forever or exchange it, in turn, for something else of value. ## Pilgrimage 2015

GERMANIA

Justitably another Pilgrimage would mean travelling by air and thus having inevitably and thus having by air and thus having to engine in the forceful edicts of Zion regarding what might be termed as things to engine a tu do belore boarding an aircraft. Where are you going as things to engage in the active boarding an aircraft'. Where are you going?", they ask me you have to do before boarding an aircraft'. "Where are you going?", they ask me you have to do better ". I reply, although, of course, the correct answer we distance at security. "Austria". I reply, although, of course, the correct answer we distance at security of your business, now get out of my way, you ridicale we distance at the security of the securety of the security of the securety of the security of th at security. The data they may have but that might have boarding the arreraft because offending. The Great Zion' is well ined to stop me boarding the arreraft because offending. The Great Zion' is well according to their unilateral edicts, an offence. Their 'problem' reaction' is well according to their and laughable - this is because Zion is a Laughable with the second according to uter and laughable - this is because Zion is a Laughing Stock

I do arrive in Vienna and catch the City Airport Train from the airport to the city I do arrive in the quickest and most convenient method and which runs on centre, it being the quickest and most convenient method and which runs on centre, it being the questions which they state is 100% clean [in what regard?] Railway rower and 8% wind power) but this again is another example of energy (92/6 light reaction, solution' tactics - invent the global warming lie and then 7100 s 'problem, reaction, solution' tactics - invent the global warming lie and then Zion's production things to 'combat' it in order to find more ways to control populations; but what of the implosion and alternative energy of (reman Super science? Some of the views from the window on the way to the centre of Vienna are what the guide books don't tell you about - the normalcy of the practicalities of the world in service to Zion. No fancy leaflets straight off the freshly smelling printing presses to advertise these realities of life

Walking westwards from Wien Mitte station I cross the Parkring and arrive at Doktor-Karl-Lueger-Platz where there stands a monument to him. But even as elementary sense of justice enforced me to change my opinion when I had the apportunity of knowing the man and his work and slowly that opinion grew into muspoken admiration when I had better grounds for forming a judgement. Today as well as then I noted Doctor Karl Lueger as the most eminent type of German Burgermeister. - Adolf Hitler, Mein Kampf. The stone figures on this monument could almost be carved of the Third Reich ... ah yes ... The Word in Stone ... it is the complete antithesis to the contents of the Talmud which is why it may not be there for much longer. And so, of course, there is a 'CAMPAIGN', there is an 'IDEA', there is a 'CALL FOR SUBMISSIONS', on a website, www.luegerp.atz.com which they state is a 'Pressure group to transform the Karl Incer statue into a monament igainst anti-Semitism and racism in Austria." which is, of course, pathetic code speak for what they really mean is that they want to transform the Karl Lueger statue into a monument against the existence of anything threan in Europe and for an overt worldwide Zionist dictatorship. This website contains the usual hatchet job of lies and propaganda relating to Karl I uger (yet another example of the reality today that all you need to be to 'get by' in the world of Zion is evil and stupid) and also page after page of "submissions" (the (ALL was heeded!) of pictures of 'ideas' of 'transforming' the statue, that is stiempting to transform beauty into ugliness. 'He [Doctor Karl Lueger] had a rare

THIS MEMORIAL TABLET REMINDS OF THE FIRE OF THE JUSTIZPALASI ON THE 15th JULY 1927 In violent conflicts between followers of the Republican Protectors Troop and the Combatant Union in the Bargenland Village of Schattendorf on the 30th January 1027 two innocent people were killed The offenders were discharged by a nury court In the course of a violent demonstration against this judgement the Justizpalast was set on fire. Ine ponce received the firing order and 89 people lost their lives. The terribic events of this time, which to solved in the Civil War of the year, 014 should be a warning in perpetiaty

Now let me hypothecate but not on tentative grounds: the way more the conflicts, then saw to it (don't be naïve, that's what Zion does, it wast " the offenders (or scapegoats, it makes no difference to them) were accurate provoked the violent demonstrations, started the fire they serves, they dive police to fire into the crowd. They would have reported what they wanted with hear in the Press that they owned and perhaps even made a play apart 1 theatres that they controlled. Let us hear from Zion's The Prodign, with the date rendition but a timeless description of the way Zion operates

Whilst you are reading this discourse now, think to yourself how much of the truths of the world that you have become aware of due to the internet; the truths have always existed and the lies have always existed, it's just that now there is a medium upon which the truths can be portrayed. Zion, using its typically inane

Then, in the sedate town of Brühl. 20 kilometres south of Cologne, I met with a fellow German Aryanist, Herr C, who I had previously came in contact within the burgeoning Aryanist blogosphere that now spans the globe with subversive tunnels through cyberspace. The traditional 'Black Arts' paper-men are on their knees, having been outmatched by the internet bloggers and their digital Blitzkrieg. The most important aspect of online propaganda is that it has almost completely decimated the traditional media conglomerates and their old redundant publishing outlets of newspapers and 'free-to-air' television, even in the printed book industries, or the traditional 'Black Arts', the old behemoth corporate publishing houses are losing their grip in all fields of printed deception, they are perhaps left to publicise celebrity gossip, staged debates, military false-flags, incorporated sports and the fakery of his-stories. - Third Reich Pilgrim, The Ruins of Power,

The truths of the world that mattered were, more or less, totally buried once control of the mass media was gained, as if under the rubble of two demolished towers; the fraud of debt creation, the real reasons for wars, the Holocaust Lies, the essence of Judaism, the lies of all history, everything, but then along came the internet. At first they thought they'd control it and that it would be just another branch of Zionist Media Lies Land. I remember a speech given by Ziobot Tony Blair, it was all about the internet becoming The Information Superhighway [of lies], and they do indeed exercise a great deal of influence but not in the way they would like.

Imagine if you were one of a group of people who wanted to get across your message regarding the truth of a subject, of which subjects there are many, but with Zion mot wanting these truths to ever see the light of day; you would be faced with the costs of having a book published as well as the related obstacles and difficulties with their Ziobot editors and journalists would refuse to touch a for fear of reprisa-ing the view of the subject of the subject of the subject of the subject (ary, they're all Zionists together, it is more likely that they'd just miss out or a few perks!) from creatures such as the vie Rupert Murdoch and you certainly would not get your message across on a television programme. Nor the cinema. Nor the radio. perks!) from creatures such as the vile Rupert Murdoch and you certainly would not get your message across on a television programme. Nor the cinema. Nor the radio However, now you could, for a relatively cheap outlay, set up an internet site to how Zion hates it. Imagine, also, the previous difficulty of, say, obtaining a lames Murphy translation of *Meth Kampf* in a high street bookstore in any Zionist Republic or a copy of the Protocols of the Learned (Ha Hal) Elders of Zion ... (the totally rejected, of course, but now it can be used in conjunction with the internet and can be ordered and sold on the internet). Perhaps you had a gut feeling years ago that things were not as they should be, that there was something insidious in the ago that things were not as they should be, that there was something insidious in the world, something unnatural, a salanic power that ultimately controlled things; now you can find the actual real world evidence for that, if you are so inclined.

by 'hate speech' found on the internet ... or ... 'extreme right wing groups' are using the internet to 'spread their hate' ... or ... a young girl was 'led to her death' after being 'duped by a mentally deranged man off the internet' ... or ... 'terrorist groups' are using the internet to 'raise funds' and to 'plan their terror attacks.'). But proups are using the internet to raise funds and to plan their terror attacks.). But, for all of the truths of the world to become part of this world, for them to be acted upon, in actual fact, you should know what needs to be done regarding the Zionist Masses because it could be said that all of the above is meaningless because the lies are meaningless also. If a person has Ehrean traits then the most important way to the meaningless also. If a person has Enrean traits then the most important way to think is the way of the Devil's Advocate, that is to say 'How, in any given situation, would Zion act?' To understand the way that this world works *IN REALITY* one should NEVER, essentially, think in terms of truths and lies because that's too advanced for Zion as all of their lies have been rebutted already yet Zion still remains on this Earth. Zion is the backward, primitive, numerically superior mob that can only ever advocate the lowest common denominator. So everything's meaningless, everything's pointless, the internet is therefore also meaningless and pointless because, as it states in The Protocols, The Might [Of The Imbecile] is Right. For now, I laugh at the Zionists as their newspapers roll off the printing presses, I laugh at the so-called 'Hate Laws' of the Zionists, I laugh at the release of their latest so-called blockbuster movie ... I just LAUGH AT ZION FULL STOP, although the first emotion, when faced with such Imbecilic Criminality, should always be one of fury that the commonality of office workers, trillionaire bankers, factory workers and The Demiurge should currently rule the world (school playground) by plain and simple force. Do you understand what I'm saying? BUE, IN A PERFECT WORLD ... perhaps it was The Providence O BUT, IN A PERFECT WORLD ..... perhaps it was The Providence Of The Almighty that Adolf Hitler was not born fifty years earlier, that He did not become Chancellor of Germany in 1883 instead of 1933, that because the technology at the time was able to be fully utilised, His speeches were captured forever. The strength and bravery of The Waffen SS and The Wehrmacht were also captured forever, the glorious rallies and the Will of The People were also captured forever, the work of Leni Riefenstahl was also captured forever and these things can now be seen at will on the internet (for now) by anyone who is so inclined. The Führer of any Future Aryan State of Germania would be Adolf Hitler Himself and this can be rendered all the more powerful by the immediacy of the availability of His Speeches. The Führer can be with us physically, His Words can be heard as well as His Spirit felt.
